

Mystery Photo Challenge

Do you know the name and location of this building in Michigan?

Submitted by Jessica Green Quijano, Assoc. AIA

Send your guess [here](#). The winner will have a chance to submit next month's Mystery Photo!

Congratulations to all the correct guessers! Last month's photo was: The Michigan Theatre parking garage at 238 Bagley Avenue in Detroit.

My Message.....

Robert P. Washer,
Honorary Affiliate AIAMI,
FESD
President, Michigan
Architectural Foundation

Dear Construction Associates and Friends,

As we take time to reflect on 2016, I first want to thank two outstanding board members, whose terms expired the end of 2016. Dennis King, FAIA, FESD and Rae Dumke, Honorary Affiliate AIAMI, have provided many years of quality service and

U of D SOA Lecture Series: Dirk Denison January 18, 2017; 5:30p; SOA

their efforts are very much appreciated.

Their positions will be filled by Kirk Delzer, AIA, who recently retired as Senior Vice President at Integrated Design Solutions and received the prestigious Hastings Award in 2014, and Doug Kueffner, AIA, President of WTA Architects, AIA Michigan's 2016 Firm of the year.

Welcome Kirk and Doug.

With the new year upon us, the Michigan Architectural Foundation has many irons in the fire for new ideas, programs, and activities throughout the year. The quarterly Board meetings will start in January. Currently our "chapter grant" committee is reviewing grant applications from four groups seeking financial aide, as well as help to provide public awareness of their activity.

MAF is alive and looking forward to our activities new for 2017. A "one of a kind" golf outing will be advertised in detail later this year, and will take place on May 22, at the Dearborn Country Club. I can't tell you more, but you are going to want to be a player in this one, and we will be limiting participants to 100 golfers. I have seen nothing like it!

We are YOUR Foundation, that has a mission to make the public aware as to how Architecture enriches our lives. It is our objective to spread this news. Again, please feel free to contact me, or any of our Board members, if you have programs or events that we can consider and support.

I look forward to hearing from you.

2016 ArchiTreks

Watch a young architect act as the host and excite the watchers and

on-site participants about an activity involving a scientific principle that leads to a short explanation or experiment. This years topics: Shapes, Structures, Landmarks and Preservation. Check out the new and updated [2016 ArchiTreks videos!](#)

MAF Annual Appeal

Michigan is blessed with a world-class built environment. Our cities and buildings reflect an incredible legacy of great architecture. What we enjoy today is result of the value of great architecture held by our predecessors. Today, the Michigan Architectural Foundation continues to promote that value system by educating our children and reminding our leaders of the importance of architecture in our lives.

Your contribution, whether to a specific program or just in support of Michigan Architecture, makes a difference. The architecture student that receives financial help, the building that gets new life or the third grader that learns why buildings are so important all benefit from this work. Please add to our "investment".

If you would like to donate please download a form [here](#), or visit our website at www.michiganarchitecturalfoundation.org

Build Imagination Collection

The Build Imagination collection is a set of 100 books about architecture, art, color, Legos, graphic design, shapes, and famous landmarks.

Michigan's architecture through feature stories about architectural treasures, and opportunities for you to participate in programs, lectures, events and tours.

American Institute of Architects | Michigan Architectural Foundation

Speakers Bureau

Looking for a speaker for your business group, public service organization or professional association? Consider this – while all of us view and interact with our community's buildings, few of us understand the built environment like architects – and we want to share our insights.

The American Institute of Architects (AIA) is proud to announce that we have established a statewide Speakers Bureau of AIA members willing to speak to organizations just like yours. Descriptions of presentations can be found on our website, aiami.com/speakersbureau, including images that illustrate the content of these presentations.

Please visit the website and see what architects find interesting and exciting. We encourage you to contact a speaker and schedule a presentation for your group or organization. Keep your eye on the website as we will continue to add speakers in more areas around the state.

This is a complimentary service provided by AIA members. If you have any questions regarding the Speakers Bureau program, simply call AIA Michigan at 313-965-4100.
