

Mystery Photo Challenge

Do you know the name and location of this famous cottage in Michigan?

Submitted by Theresa Angelini, AIA

Send your guess [here](#). The winner will have a chance to submit next month's Mystery Photo!

Congratulations to all the correct guessers! Last month's photo was: Hemingway's Cottage on Walloon Lake.

My Message.....

Robert P. Washer,

mailboxes the first of each month instead of the last of the month. I hope it brings fresh news and generates thoughts of how we all can work better together, in the effort of making the public aware of the many forms of architecture. Programs, educational conferences, our children's library collection, the Architreks videos and future events open to the public, are many of the projects we are expanding/planning for 2017.

Our Executive Committee has realized that we should do a better job of visiting the various chapters and carrying the message on more of a grassroots level. As recent efforts to accomplish this goal, in the past two months, I have attended the AIAMI Leadership Conference in Midland, the AIA Southwest Michigan Awards Event in Kalamazoo, and most recently the AIA Detroit Annual Meeting held at Schoolcraft College in Livonia.

I hope the message was clear that.....we are YOUR Foundation, that has a mission to make the public aware as to how Architecture enriches our lives. It is our objective to spread this news. Again, please feel free to contact me, or any of our Board members, if you have programs or events that we can consider and support.

I look forward to hearing from you.

Happy Holidays!

Build Imagination Collection

The Build Imagination collection is a set of 100 books about architecture, art, color, Legos, graphic design, shapes, and famous landmarks.

In October 2016, the collection was presented to 5 hospitals and cancer centers around Michigan, including: C.S.

Mott Children's Hospital (Ann Arbor), Bronson Children's Hospital (Kalamazoo), Renucci Hospitality House (Grand Rapids), Ronald McDonald House (Grand Rapids),

2016 ArchiTreks

Watch a young architect act as the host and excite the watchers and

on-site participants about an activity involving a scientific principle that leads to a short explanation or experiment. This years topics: Shapes, Structures, Landmarks and Preservation. Check out the new and updated [2016 ArchiTreks videos!](#)

MAF Annual Appeal

Michigan is blessed with a world-class built environment. Our cities and buildings reflect an incredible legacy of great architecture. What we enjoy today is result of the value of great architecture held by our predecessors. Today, the Michigan Architectural Foundation continues to promote that value system by educating our children and reminding our leaders of the importance of architecture in our lives.

Your contribution, whether to a specific program or just in support of Michigan Architecture, makes a difference. The architecture student that receives financial help, the building that gets new life or the third grader that learns why buildings are so important all benefit from this work. Please add to our "investment".

and Munson Hospital Cowell Family Cancer Center (Traverse City). The Build Imagination books will be on display at the AIA Michigan Holiday Open House, December 15th, 4:00-7:00 pm.

2016 AAO Design Matters Conference

The Association of Architecture Organization wrapped up their Design Matters Conference at the beginning of last month.

They addressed many issues facing large and moderately-scaled cities. To learn more about the conference and view conference materials, [click here](#).

To learn more about the AAO visit their website [here](#).

If you would like to donate please download a form [here](#), or visit our website at

Speakers Bureau

Looking for a speaker for your business group, public service organization or professional association? Consider this – while all of us view and interact with our community's buildings, few of us understand the built environment like architects – and we want to share our insights.

The American Institute of Architects (AIA) is proud to announce that we have established a statewide Speakers Bureau of AIA members willing to speak to organizations just like yours. Descriptions of presentations can be found on our website, aiami.com/speakersbureau, including images that illustrate the content of these presentations.

Please visit the website and see what architects find interesting and exciting. We encourage you to contact a speaker and schedule a presentation for your group or organization. Keep your eye on the website as we will continue to add speakers in more areas around the state.

This is a complimentary service provided by AIA members. If you have any questions regarding the Speakers Bureau program, simply call AIA Michigan at 313-965-4100.
